

## PRACTICE – Out-of-Area Contact Cards

Disasters are expert at disrupting normal communications.

An **Out-of-Area Contact** will serve as a 'communication hub' for you and your loved ones.

**PRACTICE** calling this person so everyone is comfortable with the process.

1. **Everyone** gets their Out-of-Area Contact Card from their wallet, purse, or backpack.
2. **Everyone** actually practices calling, learning how to relay critical information.
3. This also allows your **Contact to practice** receiving and relaying information (especially important for grandmas and grandpas!).
4. **Discuss** what you have learned.
5. **Everyone** puts their cards back in their wallets.

see [spandisaster.org](http://spandisaster.org)  
for complete information

DISASTER CONTACT CARD	
	<b>OUT-OF-AREA CONTACT PERSON</b> Someone who lives at least 100 miles away from you
	Name _____
	Primary phone / text # _____
	Secondary ph. / text # _____
	<b>MEETING PLACE</b> Away from the neighborhood, if you can't get home _____
